.. WHOLESALE LIST ..

OF

Carnations, Chrysanthemums Pelargoniums, Etc.

GROWN AND OFFERED FOR SALE BY

Grallert & Co.

Colma Nurseries

Colma, San Mateo County

California

TO THE TRADE:

In presenting our annual trade list for 1897, we desire to thank our customers for their very liberal patronage and are respectfully soliciting a continuance of the same.

Our terms are—strictly cash with the order. Our prices are as low as good stock can be grown for, and we cannot afford the risk and expense of credits. Please send money by draft or post-office money order, made payable at Colma, Cal. No plants sent C. O. D. unless one-fourth of the amount is sent with the order.

Orders for rooted cuttings of carnations or chrysanthemums for a future date are allowed five per cent. discount, provided one-fourth the amount is sent with the order, though the order must be sent not less than sixty days prior to the date of shipment.

No charge will be made for packing.

We exercise the greatest care to have all plants true to name and to fill orders correctly. Should errors occur please notify us at once and we will make such corrections as will be satisfactory.

After delivery to forwarders in good condition, all goods travel at customer's risk, and complaints will not be entertained unless made promptly upon receipt of goods.

We warrant all cuttings that are grown and sold by us, to be in healthy growing condition and free from any disease whatever, but we do not warrant any cuttings to remain free of disease after they have passed from our care, nor do we assume any responsibility whatever regarding the purchasers success in cultivating the plants.

CARNATIONS

THE NUMEROUS new varieties, introduced the last few years, have compelled us to reduce our list of varieties, and we have eliminated all old varieties that have been superseded by new and better ones. Our Carnation stock is in a very healthy condition, free from rust and spot, consequently our cuttings and young plants possess much vitality and are in a vigorous condition. Prices quoted are for rooted cuttings. Plants from 2½ inch pots or flats, \$1.00 per hundred extra.

Prices quoted do not include transportation charges. If shipment is desired by mail or prepaid express, add ten cents per hundred for cuttings, and twenty-five cents per hundred for plants.

NOVELTIES 1896

Prices, \$1.00 per 12; \$8.00 per 100.

Abundance, salmon pink, approaching red.
